

City & Guilds 6219 – Award in Construction Skills Level 1

Please note that this information is from last year and may be subject to change.

Equivalent to One GCSE

The construction sector is vital in contributing to the Island economy and in providing the essential infrastructure to support other sectors. In light of the current economic climate it is more essential than ever to gain skills and qualifications in this area, to improve future prospects and job progression.

Who is the Course for?

This qualification is aimed at learners that are either new to the Construction Industry or those who wish to have a qualification that recognises their skills.

The course is mainly practical, with some theory, and learners will enjoy exploring many crafts within the industrial workshops at College.

This course offers a starting point for all career paths and provides access to other courses once successfully completed.

What subjects will I study?

The course is broken down into a mixture of units from:

- Introduction to Health & Safety (Mandatory)
- Introduction to the Construction Industry
- Brickwork
- Carpentry
- Electrical Installation
- Painting & Decorating
- Plumbing

A course specific handbook can be found on the City and Guilds Website:
