Re: CAT4 tests

Dear Parent/ Carer,

Yesterday morning in assembly I gave an overview of the CAT4 tests to students in Year 7. I also asked students to bring in headphones on Thursday and Friday so they can access the CAT4 test instructions without disturbing others. We do have a small number of sets of headphones which can be borrowed. However, if you have headphones at home, we would appreciate you sending them in with your child on these days (wireless headphones cannot be supported by our computer system). I also explained the different types of questions that are asked in the CAT4 tests. Examples of these can be found on our website, [here](#).

Students will sit the tests over three lessons on Thursday and Friday. There is no need to revise for them and they should not worry about the tests. The tests help us understand students' strengths and areas for development. If students are off school during the assessments we will be able to rearrange them for an alternative time.

Regards

William Wood
Assistant Headteacher
