Re: Parental Vehicles On School Sites

Dear Parents and Carers

For the safety of all of our students, we kindly request that parents do not drive onto either site (East building or West building) to drop off or collect their children.

Unfortunately, both sites become congested very quickly due to the amount of traffic that is currently driving on to the premises.

Only parents who have children in the Special Provision Centre should be driving onto the site in the West building and dropping off/collecting at the farm entrance.

There is a public car park close to the school at the Tesco site, where students can be dropped off and collected by parents. The route to the school from this car park has safe crossing points for our students.

Thank you very much for your support and co-operation in ensuring the safety of all of our students.

Yours faithfully

Mrs S Taylor
Headteacher
