7th February 2025

Dear Parents and Carers

Ramsey Grammar School Validation

I am writing to inform you that Ramsey Grammar School will have its external validation visit. We are one of several schools and educational services who are having their visit during this term.

The external validation process forms part of the quality assurance model. The process will be carried out by the global organisation, Etio (formerly known as Tribal Education Services), who will be visiting our school on Monday 10th February and Tuesday 11th February 2025.

The external validation visit will focus on various aspects of our school operations, our self-evaluation documentation and processes, activities which could include speaking to students, meeting with staff and other relevant stakeholders, looking at students' work, joining lessons and reviewing school and service data and priorities. This validation visit is an important step to ensure the continued quality and effectiveness of our educational programs and services.

I would like to assure you that this process will be conducted in a thorough and respectful manner. All data collected will be handled confidentially and in accordance with our school's privacy policies.

We are committed to our school values and are looking forward to taking part in this valuable process, as well as receiving the high-quality feedback from the external validation team.

Please click [this link](#) which will take you to our school website and a leaflet which explains the process in more detail.

If you have any questions regarding the external validation visit, please contact the school at the above email address.

Yours faithfully

Mrs S Taylor
Headteacher
