8<sup>th</sup> May 2025

Dear Parent/ Carer

## **End of Year Assessments**

I hope this letter finds you well and am writing to inform you of upcoming assessments for Key Stage 3 students.

For this assessment window we are sharing information about English, Mathematics and Science assessments with you to give you the ability to support your child in preparing for the End of Year assessments.

Holistic assessments will take place in several subjects for students in Years 7 to 9, with the majority being between 19<sup>th</sup> and 29<sup>th</sup> May 2025. The assessments will identify the skills gained by students over the year to date.

Assessments will take place in English, Mathematics, Science, Geography, History, Modern Foreign Languages, Music and RMPS. Information about the assessments, revision lists, and preparation material is supplied by subject teachers to students via their class Microsoft Teams page.

All assessments will take place in classrooms, other than Year 9 English, Mathematics and Science which will take place in the Exam Hall during practice week. This will help Year 9 students develop an understanding of exam processes before they start their Key Stage 4 studies.

Information about the English, Mathematics and Science assessments are also available for you to support your child's preparation on the school website. Links can be found at the bottom of the page.

Please find below a timetable which highlights the weeks in which assessments are happening. Teachers will also share the specific timing of each assessment with their classes.

I hope you find the extra information useful to support your child's learning.

Yours sincerely

William Wood  
Assistant Headteacher
