6th January 2026

Dear Parent/Carer

Academic Review Day: Wednesday 11th February 2026

I hope this letter finds you well. I am writing to inform you about our plans for parental feedback this year.

The aim of our Academic Review Day is to discuss academic potential and engagement across all subject areas and across the wider school. During the meeting students will reflect on their own progress this year. The development of self-evaluation skills impacts greatly on a young person's ability to manage their learning effectively and is a skill that we believe is essential to develop in our students.

As in previous years, the feedback session will take the form of a 15-minute meeting between the Form Tutor, yourself and your child, during which your child will complete a 5-minute presentation focused on academic progress. This will be followed by 5 minutes of staff feedback delivered by your child's Form Tutor, the person best placed to provide an overview of the school life of an individual student. Finally, there will be a discussion which will lead to holistic targets being created for your child to work on over the remainder of the year.

This term, your child will spend time in tutorials producing a self-reflection which will be presented to you on the day. At the appointment you will also be provided with a snapshot report and subject specific targets which will allow you to support your child's progress. If you wish to speak to a subject teacher regarding a specific issue, a request for contact can be made at the review appointment.

Academic Review Day will take place on Wednesday 11th February 2026 - appointments will take place between 8am and 6pm and will be organised by students and their Form Tutor. We will share details of the process for arranging appoints and the logistics of the day in the upcoming weeks.

All Academic Review Day appointments will happen on the same day. Year 7 and Year 10 appointments will take place in the East Building, whereas appointments for all other years will take place in the West. Students will not be required to attend school on the day, other than for the appointment. Independent work will be supplied by the subjects your child attends during that day to support continued learning.

We are excited about the upcoming Academic Review Day and look forward to welcoming you. We hope you have had a restful holiday.

Yours sincerely

William Wood
Assistant Headteacher
