**Re: Year 7 CAT 4 Test results**

Dear Parent/Carer

I am pleased to inform you that we have received student results for the Year 7 CAT4 tests. Earlier in the year I wrote to you explaining our rationale in using CAT4 testing with Year 7 students. We are in the process of analysing the results to identify key strengths and areas of development for our students.

These results are primarily used to inform teaching and learning and support target setting within school. However, the individual student reports do give you an insight into your child's strengths and areas for development and what you can do to support their learning. This report will be handed to students within the next week.

The CAT4 test includes predicted GCSE grades. These are guidelines based on a balance of probabilities, and many students achieve better results in their GCSE examinations through dedication and hard work.

If you have any questions about CAT4 testing or would like to discuss the results, please email me via [RGSEnquiries@sch.im](mailto:RGSEnquiries@sch.im)

Yours sincerely

Mr W Wood  
Assistant Headteacher
