Dear Parents/Carers

Lexia Literacy Lessons at Home

We hope this finds you well. We are writing to inform you that, in addition to the Lexia Literacy lessons your children receive each week, it is also possible for them to work on their literacy skills at home by simply logging in.

We recommend a minimum of one hour per week at home to supplement progress at school but the more your children access this programme, the greater the benefits will be.

Benefits

The Lexia PowerUp package is designed to benefit students of all abilities in the following ways:

- Enhance reading skills through multiple interactive reading activities
- Enable students to work on the key skills of Spelling, Punctuation and Grammar
- Raise levels of comprehension, reading for meaning skills, skimming and scanning
- Improve levels of confidence in all elements of reading and writing

How to log in

It's easy. All students have their login details in their planners. At home, they can access Lexia through laptops, computers and tablets. By now all students are used to this process so, as parents, all you need to do is encourage them to do it.

More information about accessing Lexia is attached to this communication.

Thank you for taking the time to read this and thank you in advance for your support.

Kind regards

Nicholas Bennett,
Literacy Lead & Teacher of English
