Re: Edexcel Revision Guides for GCSE Science, Year 9

Dear Parent/Carer

We have had several requests from students and parents about revision guides for our GCSE science courses, so we have purchased a bulk order of the new Pearsons Science (Grade 9-1) Revision Guide and Workbooks. They are written by the exam board (Edexcel) and follow the new 9 to 1 Science specification. We feel these revision guides are the most relevant for our students. The RRP for both Revision Guide and Workbook is £19.98, but we are offering both for just £10.

If you wish to purchase these revision guides from school please order via Parent Pay. We will distribute to students on receipt of payment.

Yours sincerely

Mr W Ward
Head of Science
