Re: Year 9 and 11 Options Evening 2023-24

Dear Parent/Carer

I am writing to provide a few early details about GCSE and A-Level Options Evenings which will be held in February 2024. These are an opportunity for you and your child to speak to teachers about different courses available and make informed decisions about which subjects to study at the next Key Stage.

In a change to the organisation of previous years, both events will take place after school on Thursday 1st February. The exact time will be confirmed after the Christmas holiday.

The Sixth Form Options event will take place in the East Building and the Year 9 Options event will take place in the West Building. Subject teachers will be based in classrooms which you and your child will be free to explore and speak to staff and current students about studying each subject.

We hope you have an enjoyable Christmas and a restful holiday.

Kind regards

William Wood
Assistant Headteacher
