Re: Year 10 Mock Examinations: 17th- 28th June 2024

Dear Parent/ Carer

I hope this letter finds you well.

We have an important update regarding Year 10 mock examinations.

We are constantly reviewing our curriculum and refining assessment opportunities to support progress. In the past we have completed the Year 10 mock examinations in March. This year, an opportunity has arisen to complete mock examinations in June. This will have significant benefits for your child, who will be able to review a greater amount of the course, and for teachers, who will be able to gain a more accurate understanding of your child's areas of strength and development.

Mock Examinations will take place between 17th- 28th June when we will create an experience akin to the external examinations to develop familiarity with the process. Students will be provided with revision lists, and resources will be signposted during lesson times to aid preparation prior to the mock examinations.

If you have any questions, please do not hesitate to contact me at rgsenquiries@sch.im

Yours sincerely

William Wood
Assistant Headteacher
