13th July 2026

Dear Parent/Carer

Results Days 2026

I hope this letter finds you well. As the external exam series has ended, I am writing to inform you about the timings and organisation of results days.

Firstly, I would like to commend our students for their fantastic dedication and conduct before and during the examination series. It has been a pleasure to work with the young adults of Ramsey Grammar School.

Results from the majority of GCSE qualifications will be available to be collected by your child on **Thursday 20th August 2026** between 9.00am and 12.00 noon in the **East Hall**. We will also be offering support and guidance about future pathways on this day. Sixth Form interviews can also be booked on this day. These will take place on the afternoons of the 20th and 21st August 2026.

Prior to results day, Cambridge International Examination Board publish student results online. These are available from 7am on Tuesday 18th August 2026. Students will be able to receive these results via the School Workspace website. Students should check they are able to log into this account and raise any concerns prior to the end of term (Thursday 23rd July 2026). The email for login will be in the format 14firstnamelastname@student.sch.im and students set their own password for this. Advice and support regarding these qualifications will also be offered on Thursday 20th August 2026.

If students wish to arrange for another member of their family to collect their examination results, or for the results to be emailed, the request should be sent to rgsexaminations@sch.im. This message needs to be sent from the student's school email address more than 5 working days prior to results day. Examination results emails will not be sent until midday on Thursday 20th August 2026.

We look forward to seeing your child on results day and wish them every luck in their results and their future choices.

If you have any questions regarding this process, please email rgsexaminations@sch.im.

Yours sincerely

Emma Dyer
Head of Year
